ABSTRACT

This publication is the second of a three volume set summarizing the Energy Advisory Service operated by the New York Institute of Technology. This volume presents: (1) Thesaurus of Descriptors for the Vertical File System; (2) Periodical List; (3) Monthly Selected Acquisitions List for 1977; (4) Structure of NYIT Energy Referral Service Roster. The Thesaurus, Periodical List and Acquisitions List are self-descriptive. Groups registered with the NYIT Referral Service were separated into divisions, categories and sub-categories in order to match technical information requests with appropriate information sources. These information sources were persons at energy related industries or at energy policy organizations. (MR)

THESAURUS OF DESCRIPTORS

FOR THE VERTICAL FILE SYSTEM

NYIT Energy Information Center

THESAURUS OF DESCRIPTORS
for the
VERTICAL FILE SYSTEM*

The NYIT Energy Information Center is a comprehensive information service covering every aspect of energy conservation and related technology, including conservation programs and practices, alternative energy systems, energy legislation, and public policy development in the United States and abroad.

Materials in the Center can be located through a Card Catalog System and a Vertical File System. The Card Catalog System has entries which organize books and other printed materials according to authors/titles and according to the subject headings developed by the Library of Congress. The Vertical System contains pamphlets, newsclips, reprints, studies, announcements, product specifications and other ephemeral literature, and is organized according to subject headings based on the emerging vocabulary of the energy literature.

The key to vertical file resources is the Thesaurus of Descriptors which follows. The Thesaurus includes all subject headings found in the Vertical File as well as other cross referenced terms likely to come to mind when seeking information on a specific energy area. Separate sections begin for each letter of the alphabet. As new entries are developed, they are added to the Thesaurus in addenda lists located at the end of a section. Each entry may have one or more of the following references: "scope," "see also" and "see." "Scope" defines the entry as to focus, range, and limitations. "See also" guides users to other entries which also contain useful, related materials on the particular subject. "See" guides users from the entry currently examined to the entry which permits location of materials on the particular subject in the Vertical File system.

PART D

NYIT Energy Referral Service

STRUCTURE

For the purpose of organizational coherence, groups registered with the NYIT Energy Referral Service were distinguished according to two general divisions:

Division I: Energy Influential Industries which by their practices and procedures determine the attractiveness of energy conservation and alternative energy equipment and techniques.

Division II: Organizations participating in the Energy Policy Making Process broadly defined to include those which can set or implement policy; those which can assist in formulation and assessment; and those which can provide impetus towards policy change.

Within each division, major categories and subcategories were then established. What follows is a presentation of the structure of the NYIT Energy Referral Service including a count to date of the number of organizations entered into each major category:

Referral Service Major and Sub Categories	# of entries within Major Categories

DIVISION I

Energy Influential Industries

1. Energy-related Businesses 720

   --Energy Management Systems
   --Electric Vehicles
   --Fuel Oil Suppliers
   --Heat Pump/Air conditioning
   --Heat Recovery
   --HVAC
   --Insulation
   --Power Factor Improvement Capacitor Devices
   --Oil Companies (Major)
   --Resource Recovery
   --Solar Reflective Film
   --Thermography
   --miscellaneous

2. Alternative Energy-related Businesses 972

   --Alternative Energy Research and Development including on batteries, biomass, electric cars, geothermal, ocean thermal, photovoltaic, solar thermal electric, solar thermal heat, tidal, and wind
   --Hydroelectric
   --Solar-assisted Heat Pump Systems
   --Solar Catalogs
   --Solar Collectors
   --Solar Electric: Photovoltaic
   --Solar Hot Water Systems
   --Solar Pool Heating Systems
   --Solar Space Heating Systems
   --Solar System Components
   --Solar System Designers and Consultants
   --Solar System Testing Facilities
   --Wind: Electric
   --Wind: Pumping
   --Wood: Heating

3. Architecture Firms and Architects.....669

4. Contractors.....388

--Air Conditioning
--Heating
--Insulation
--Plumbing

5. Engineering Firms and Engineers.....199

6. Realtors..... 2

7. Professional Associations Representing Energy Influential Industries.....180

--Architects
--Consulting Engineers
--Contractors
--Engineers
--Managers
--miscellaneous

8. Trade/Business Associations Representing Energy Influential Industries.....268

--Builders
--Building Owners
--Building Product Manufacturers
--Chambers of Commerce
--Coal
--Concrete
--Electric
--Gas
--HVAC
--Insulation
--Lead
--Nuclear
--Petroleum
--Realtors
--Solar
--Wind
--Other

DIVISION II

Energy Policy Making Participants

1. Government Bodies and Officials.....560

--Federal Administrative
--Regional Administrative

--State Administrative
--Local Administrative
--Federal Legislative
--State Legislative
--Local Legislative

2. Nongovernmental Organizations and Personnel.....293

--Energy-related
--Alternative Energy-related
--Appropriate Technology-related
--Environmental
--Public Interest/Consumer
--Community-development
--Economic Analysis
--Planning
--Urban Affairs
--Civic Affairs
--Service-oriented
--miscellaneous

3. Banks and Bankers..... 95

4. Consulting Firms and Consultants..... 13

5. Educational Institutions and Administrative/Instructional Staff..... 31

6. Health Care Institutions and Administrative/Professional Staff 81

7. Media/Communication Firms and Specialists..... 5

8. Public Relations/Advertising/Marketing Firms..... 2

9. Public Utilities 40

--Electric and Gas
--Gas
--Telephone

10. Research Centers..... 15

11. Unions..... 12

12. Professional Associations Representing Policy Making Participants..... 38

--Bankers
--Educators
--Environmentalists

--Hospital Administrators
--Planners
--Scientists

13. Trade/Business Associations Representing Policy Making Participants.....18

--Banks
--Churches
--Farmers
--Hospitals
--Retail Merchants
